

AC Music Arts

Adventure Montessori Music Discovery Classes

Instructor: Kendall Cook is a nationally certified music teacher with nearly ten years of teaching experience. She received her BM from the Oberlin Conservatory of Music where she received extensive pedagogy training and was the recipient of both the Carol Nott prize for piano pedagogy and the Music Teacher's National Association STAR award. After graduating from Oberlin she attended the Cleveland Institute of music where she completed a MM while also maintaining a private teaching studio. In 2011 she received Kindermusik certification and is now a licensed early childhood music educator. She has taught a variety of skill levels including pre-school, college music majors, and special needs students. She loves working with all ages and finding a way to connect with every student as a unique and individual learner.

Music Discovery classes include rhythm sticks, shakers, dance, sing-a-longs, song writing and art to create a unique environment of musical discovery. We will be exploring music with all our senses and learning a few songs with percussion instruments. We will begin learning to write songs together.
Toddler, Primary and older!
