

Why Adventure Montessori Learning?

At Adventure Montessori, we provide a foundation for academic and personal excellence and encourage the love of learning inherent in every student through participation and engagement. Experienced, Montessori-certified teachers ensure each student's success in a caring and structured environment, which includes:

- Special emphasis on global concepts.
- Child-sized tools – from furniture to flatware – encouraging self-reliance.
- Self-correcting classroom materials specialized for each level of development.
- Fresh, organic lunch and snack program.
- Orchards for students to pick their own fruit.
- Gardens for all ages fresh vegetables.
- Low student-teacher ratio for a tailored program.
- Foreign languages (Spanish and Mandarin Chinese)
- Regular, student-led service projects to strengthen our communities.
- State-of-the-art facility conveniently located in Lafayette, Colorado
- Premium education programming for ages six weeks through twelve years.
- Developing responsibility by caring for animals on miniature farm which includes: pigment goats, pot belly pig, rabbit, hedge hogs, and many more.

Adventure Montessori Learning preschool began as a dream in the heart of Evajean Boyd. She discovered the value of Montessori Education during a difficult time in the life of her son. The Montessori education and philosophy was so instrumental in the education of her son that she purposed in her heart to someday provide the Montessori education for all children. During this time she noted that Montessori education was not available for children of varied social and economic backgrounds. Her goal was to provide a Montessori education that was affordable and accessible to children of all races and economic backgrounds.

Today, building a new school in Lafayette, CO to provide a secure environment that creates love of learning to children from 6 wks mo's to 12 years old in the Thornton and Denver area. Adventure Montessori Preschool is proud to provide an early childcare setting where preschoolers are valued and respected. We know we provide more than a traditional daycare. Our Montessori program is based on self-direction, non-competitive and cooperative activities that help a child develop a strong self-image, high levels of academic and social competence, and the confidence to face challenges with optimism. Children are encouraged to make decisions from an early age. Montessori preschool educated children are problem solvers who can make appropriate choices, manage their time, and work well with others. These positive communication skills build the foundations for a love of learning for a lifetime.
